

BOOK PROBLEMS CH 9

1. 11
2. Object
3. 0 or more
4. onRestart
5. getActivity
6. FragmentManager
7. add
8. tag only
9. an interface
10. Context Context;
FragmentManager fragmentManager = ((Activity) Context).getFragmentManager();

1. What is the order of all logged events when the program is first run?

Fragment:attach Called
Activity:attachFragment Called.
Fragment:create Called
Fragment:createView Called
Activity:create Called.
Activity:start Called.
Fragment:onActivityCreated Called
Fragment:start Called
Activity:onResume Called.
Fragment:onResume Called

2. What events are triggered when you hit the home button, then resume the activity?

Activity.onPause Called.
Fragment.onPause Called
Fragment:onSaveInstanceState Called
Activity:onStop Called.
Fragment:onStop Called
Activity:start Called.
Fragment:start Called
Activity:onResume Called.
Fragment:onResume Called

3. What events are triggered when you hit the back button, then resume the activity?

Activity:onPause Called.
Fragment:onPause Called
Activity:onStop Called.
Fragment:onStop Called
Activity:onDestroy Called.
Fragment:onDestroyView Called
Fragment:onDetach Called
Fragment:onAttach Called
Activity:onAttachFragment Called.
Fragment:onCreate Called
Fragment:onCreateView Called
Activity:onCreate Called.
Activity:onStart Called.
Fragment:onActivityCreated Called
Fragment:onStart Called
Activity:onResume Called.
Fragment:onResume Called

4. What events are triggered when you try to force kill the App?

Activity:onPause Called.
Fragment:onPause Called
Fragment:onSaveInstanceState Called
Activity:onStop Called.
Fragment:onStop Called
Activity:onDestroy Called.
Fragment:onDestroyView Called
Fragment:onDetach Called

5. What events are triggered when you rotate the screen, then rotate the screen back?

Rotate:

Activity:onPause Called.
Fragment:onPause Called
Fragment:onSaveInstanceState Called
Activity:onStop Called.
Fragment:onStop Called
Activity:onDestroy Called.
Fragment:onDestroyView Called
Fragment:onDetach Called
Fragment:onAttach Called
Activity:onAttachFragment Called.
Fragment:onCreate Called
Fragment:onCreateView Called
Activity:onCreate Called.
Activity:onStart Called.

Fragment:onActivityCreated Called
Fragment:onStart Called
Activity:onResume Called.
Fragment:onResume Called

Rotate back:

Activity:onPause Called.
Fragment:onPause Called
Fragment:onSaveInstanceState Called
Activity:onStop Called.
Fragment:onStop Called
Activity:onDestroy Called.
Fragment:onDestroyView Called
Fragment:onDetach Called
Fragment:onAttach Called
Activity:onAttachFragment Called.
Fragment:onCreate Called
Fragment:onCreateView Called
Activity:onCreate Called.
Activity:onStart Called.
Fragment:onActivityCreated Called
Fragment:onStart Called
Activity:onResume Called.
Fragment:onResume Called
